Introduction of Busan Metropolitan City

Busan is the second largest city in Korea. Its deep harbor and gentle tides have allowed it to grow into the largest container handling port in the country and the fifth largest in the world. The city's natural endowments and rich history have resulted in Busan's increasing reputation as a world class city for tourism and culture, and it is also becoming renowned as a hot spot destination for international conventions. Approximately, 2.7 million tourists visit Busan every year.

The natural environment of Busan is a harmonious relationship of mountains, rivers and sea. Its geography includes a coastline featuring superb beaches and scenic cliffs, mountains which provide excellent hiking and extraordinary views with hot springs scattered throughout the city. Especially, Haeundae district in Busan is home to a variety of scenic landscapes and events including a beach of youth that brims with the blue sea. Oryukdo Islets which has 12 geological trails, with its spectacular views.; Gwangandaegyo Bridge, with its glorious lights at night; Haeundae Hot Spring, where you can heal your body and mind with seawater mineral water; Jangsan Mountain, which boasts a stunning night view of Busan. While our field excursion in Busan, you can see various attractive scenes of ocean, mountains and estuaries.
